Tsangs Group Announces fuboTV and Disney Media Networks Distribution Agreement

Tsangs Group, a strategic investor to fuboTV (OTCQB: FUBO) is pleased to announce fuboTV's comprehensive distribution agreement with Disney Media Network. This will provide the live TV streaming platform customers direct access to Disney's lineup of premier news, sports, and entertainment content from ESPN and Walt Disney Television. Previously it lacked ESPN, one of the most requested channels by the OTT service's customers.

David Gandler, Co-founder and CEO, fuboTV states, "With the addition to our lineup of the ESPN suite of channels, we continue to make good on our promise to sports fans to be the undisputed home of professional and college sports. fubo is equally delighted to add the storied Disney, ABC, FX and Nat Geo networks to round out a robust programming portfolio for the whole family to enjoy."

The fubo Standard base package of fuboTV will have access to ABC, ABC News Live, Disney Channel, Disney Junior, Disney XD, Freeform, ESPN, ESPN2, ESPN3, in-market for SEC Network and ACC Network, FX, FXX, and National Geographic. Additional networks will also be available on fuboTV's other packages, including out-of-market for SEC Network and ACC Network, ESPNU, ESPNEWS, ESPN Deportes, FXM, Fox Life, Nat Geo Wild, Nat Geo Mundo, and BabyTV. The deal includes both live television and VOD.

Head of Content Strategy and Acquisition, Ben Grad shares that, "Launching Disney's networks strengthens our sports-focused live TV platform and brings a diverse range of content for the entire family. Our base package offers consumers significant value, while consumers who want even more great sports and entertainment content can access it with our premium packages. As

live sports return but without spectators, streaming games at home will be even more important than ever. We're thrilled to bring more sports, as well as entertainment and news, to our consumers this summer."

Tsangs Group strongly believes that featuring ESPN will drive subscriptions tremendously. Originally launched as a soccer streaming service, fuboTV has evolved to be a full streaming platform. As live coverage of pro basketball and baseball is anticipated to return in July without fans in attendance, live streaming will be at the fingertips of subscribers to watch their favourite teams. This will help fuboTV be on its way to being the #1 sports channel in the world.

About fuboTV

fuboTV is the live TV streaming platform with more top Nielsen-ranked sports, news and entertainment channels for cord-cutters than any other live platform. In April, the company merged with FaceBank Group to create a leading digital entertainment company, combining fuboTV's direct-to-consumer live TV streaming platform for cord-cutters with FaceBank's technology-driven IP in sports, movies and live performances. Continually innovating to give subscribers a premium viewing experience they can't find with cable TV, fuboTV is regularly first-to-market with new product features and is the only virtual MVPD to stream in 4K.
